AI TOOLS ADDENDUM

This Wealth.com AI Tools Addendum (this “Addendum”) is entered into in connection with the Wealth.com Terms of Service located at <https://www.wealth.com/legal-policies> (the “Terms of Service”) and sets forth additional terms and conditions related to your use of features of the Service constituting artificial intelligence (AI) tools made available by Wealth.com (“AI Tools”), including Ester. This Addendum is incorporated by reference into the Terms of Service and capitalized terms not defined in this Addendum have the meanings set forth in the main body of the Terms of Service.

For more information on how we use your data, including any Input (as defined herein), please see our Privacy Policy by visiting <https://www.wealth.com/legal-policies>.

I. AI Tools

- 1. General:** If you elect to use any AI Tools, the use of such GenAI Tools is subject to the main body of the Terms of Service and this Addendum. For purposes hereof, “Input” means any User Content that you provide to be processed by AI Tools; and “Output” means any output automatically generated and returned to you, or automatically generated and transmitted on your behalf, by AI Tools based on the Input.
- 2. Input and Output; Certain Restrictions:** Input and Output constitute your User Content. You must ensure that the Input, Output and your use of AI Tools do not violate any applicable law or infringe, violate, or misappropriate any proprietary rights. You represent and warrant that you have all rights, licenses, and permission required to provide Input to the Service. You will not use AI Tools: (a) to mislead any person that Output was solely human generated; (b) in violation of any Wealth.com or third party terms, guidelines, policies or the like to which the AI Tools link in connection with generation of Output; or (c) to develop AI models or other models that compete with any AI Tools or any other feature of the Service.
- 3. Free Trial:** If you access our AI Tools through an unpaid service on our Site, additional terms apply to the Service which were made available to you at the time when you accessed the Service and are hereby incorporated into these Terms of Service. Notwithstanding any provision to the contrary in these Terms of Service, we reserve the right to change the terms associated with any unpaid service from time to time without notice to you.
- 4. Additional Disclaimers:** *Notwithstanding anything to the contrary, and without limiting the other disclaimers in the Terms of Service (including other Service-Specific Terms), Wealth.com does not make any warranty as to, and*

will have no liability with respect to, AI Tools, Output, the results that may be obtained from the use of AI Tools or the accuracy of any information obtained through AI Tools, including with respect to the factual accuracy of any Output or suitability for your or any other Authorized User's use case. Use of any information or other materials obtained through the use of any AI Tool is at your sole risk. You should not rely on factual assertions in Output without independently fact checking their accuracy. No information or advice, whether oral or written, obtained by you from or through AI Tools creates any such warranty. You acknowledge and agree that, in addition to the limitations and restrictions set forth in the Terms of Service, there are numerous limitations that apply with respect to AI-generated Outputs due to the fact that they are automatically generated, including that (a) they may contain errors or misleading information, (b) AI systems are based on predefined rules and algorithms that lack the ability to think creatively and come up with new ideas and can result in repetitive or formulaic content, (c) AI systems can struggle with understanding nuances, which can result in Outputs that are out of context or do not make sense, (d) AI systems can perpetuate biases that are present in the data used to train them, which can result in Outputs that are discriminatory or offensive, and (e) AI systems can struggle with complex tasks that require reasoning, judgment and decision-making.
